You Can Always Come Home

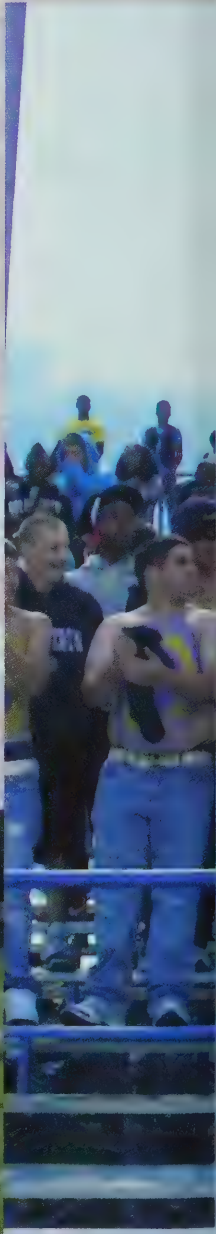

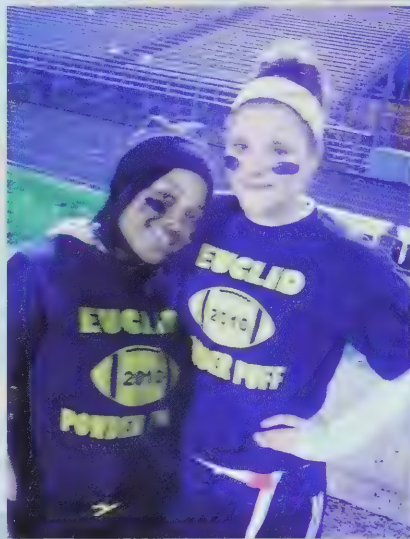

This year's Homecoming weekend was filled with festivities that students would remember for years to come. On October 1, students attended an intense game against Warren Harding. Students came out wearing their Panther gear to cheer on the varsity football team. During halftime, Demetrius Jackson and Jasmine Bell were crowned Homecoming King and Queen. On Saturday night, students dressed in their finest and headed to the E-room to experience "One Night in Paris". Spending time dancing and laughing with friends made Homecoming one of the most memorable nights of the year.

Can You Hear That Spirit?

Spirit at Euclid High School remained high throughout the year. In the annual Powder Puff game, the junior and senior girls battled it out on the rainy and slippery field in October 2010. The juniors sported the yellow T-Shirts and the seniors wore the Blue T-Shirts. Through countless calls and interceptions, along with a close call in the bottom of the second quarter, the SENIORS pulled away with the win of 16-14.

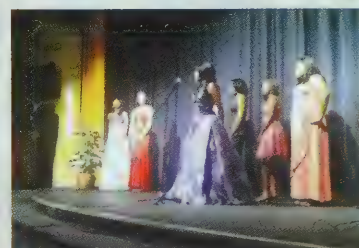

Euclid's Got Talent

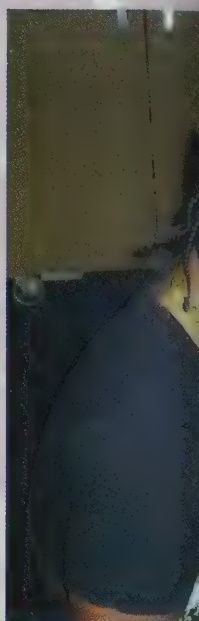

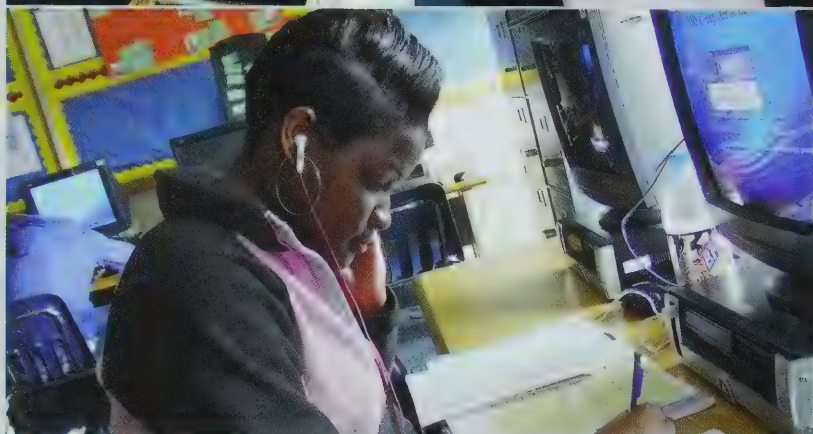

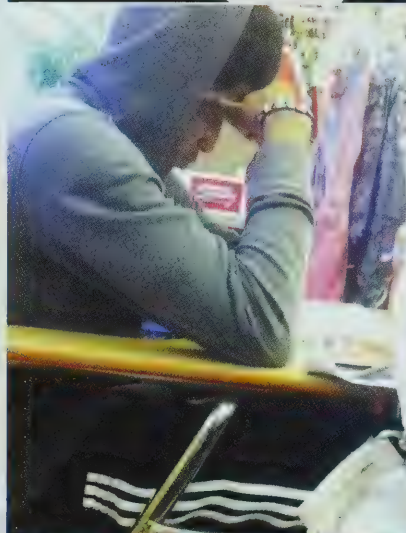

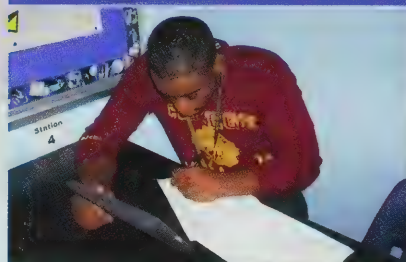

Year after year, one thing that continues to amaze students, staff and the community is the immense amount of talent at Euclid High School. Students continued to amaze as they performed various acts at pep rallies, concerts and after school events. During the Stand Up rally and during Stand Up Week, students wowed the crowds with their powerful voices, amazing dance moves and intense original poetry. Euclid also held its annual Mr. and Ms. Euclid competition, looking for well-rounded, talented, and dedicated students to represent Euclid High School and the Euclid community. This year the crown went to Lauren Larkin and Keith Reeves. These two distinguished students represent only a portion of the talent at EHS

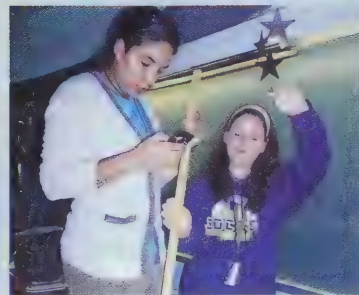

Using Our Brain

While students enjoyed the many extra cirricular activities, participating in sports teams, and the many events scheduled to allow students to let loose, they also understood the importance of earning a quality education. Students at Euclid High School enrolled in many challenging courses including Physics, African American History, Business Law, Video Game Programing, Photography and Criminal Justice. Students were encouraged by the finest teachers as they prepared themselves for life after high school. Students had access to the most advanced technology including laptops, Promethean Boards, iPads and a state of the art Planetarium. With the quality education and advanced skills students earned, it is clear the mark they make on the world will be extraordinary.

Making it Through

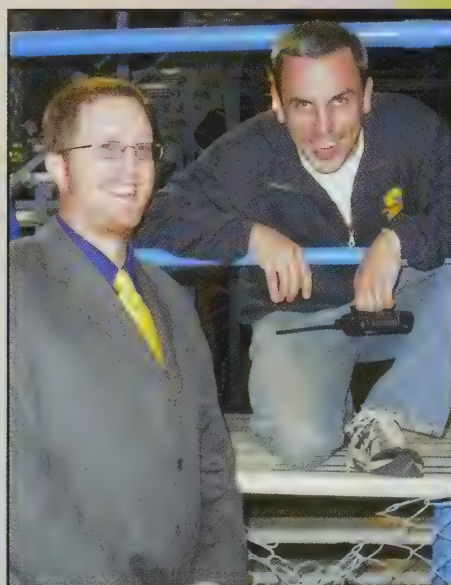

They say high school will be one of the most memorable times of your life. Through all the classes, games, clubs, and dances, one thing remained constant: friendship. True friends remained throughout the years: encouraging each other to pass classes and OGT tests, pushing each other in the weight room in order to prepare for the next big game, offering a shoulder to cry on when things got hard, and being there to laugh with when it was time to be silly. Students may not always remember everything they learned in class, they may not remember every play of a game, or every event they attending in high school, but they will always remember the friends they made. It was the friendship that made high school so memorable.

In Our Spare Time

Can You

Hear

That?

The Euclid High School Marching Band and the East 222nd Street Jazz Band features Euclid's most talented musicians. Members of the Marching Band dedicated much of their summer to mastering shows to be performed during halftime of the football games. During the Homecoming halftime show, they performed hits by Lady Gaga. The marching band also included a very talented Flag Corp and Majorette members. The East 222nd Street Jazz Band worked throughout the year to perform at many concerts. Members of the Jazz Band put on an amazing Martin Luther King Jr. Celebration as one of their many performances. Members of the band provided the perfect beat for students to have fun.

The Perfect Instrument

Members of the Band could be found playing one of many instruments including saxophone, drums, piano, trumpet, and guitar.

On Fire

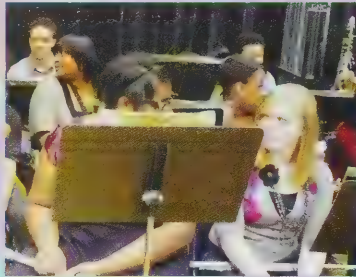

Majorette Teresa Suhy was one of the talented performers at half time. During the Homecoming show, she performed a show in which her batons were on fire.

Music

to my

Ears

Music provided an important outlet for many students at Euclid and they had the talent to support these programs. There were many music programs that students could become involved in, including Band, Orchestra, Choir and Varsity Chorale. After spending many hours practicing and perfecting their musical compositions, the Orchestra performed concerts for family, friends and staff. The Varsity Chorale and Choir also performed in many concerts throughout the year. Additionally, the Varsity Chorale performed at the Homecoming festivities. The talent of these musicians was obvious to anyone who watched them perform.

Work Together

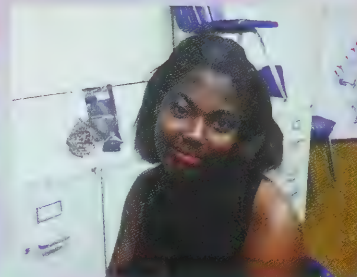

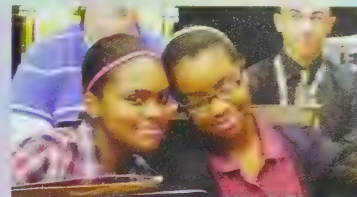

It was very important for the musicians to communicate with each other during their performances. This communication led to some amazing performances.

Beautiful Sounds

Members of the Orchestra could be seen playing one of many instruments including the violin or the cello.

We're

so

Smart

The EHS Debate Team made an outstanding debut this year. The team took first place at the first annual Cleveland Urban Debate League held at John Carroll University. The CUDL included teams from Brush, Shaw, St. Martin de Poores, Cleveland JFK, Cleveland SuccessTech and Cleveland STEM. Coach Matt Allison led the EHS team to a success that included wins for top overall speaker, Taylor Sowell and top speaker in four debates, Quentin Sims. The team of Romero Harper and Quentin Sims defeated all four of the teams they faced.

Follow

Our

Lead

The Student Council was a group of student volunteers who worked very hard to make sure EHS was a fun place to attend. One of the main events that Student Council worked to organize was Homecoming. Student Council members chose a theme for the dance, organized the crowning of the King and Queen at the Homecoming half time show and spent the morning of the dance turning the E-room into Paris. Student Council also organized two life saving blood drives. Students 18 or older could donate blood to the American Red Cross.

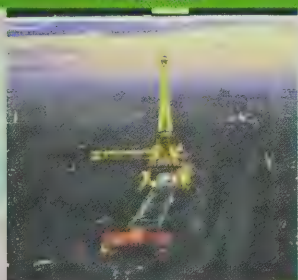

Looking Good

Members of Student Council became great friends and could often be seen acting silly with each other.

Paris Road

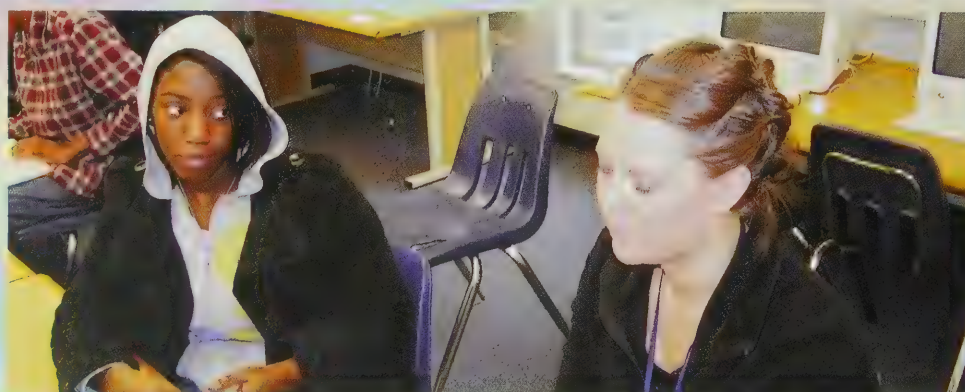

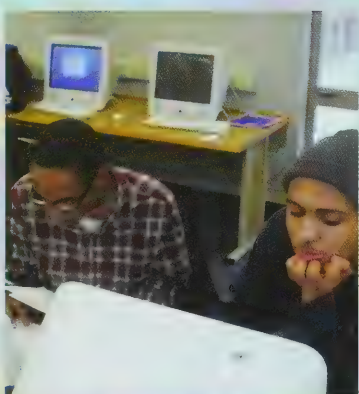

This year's Student Council chose "One Night in Paris" to be the Homecoming theme.

Mark

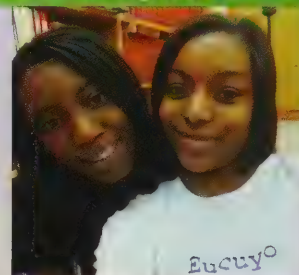

my

Words

With all that happens at Euclid High School, someone needed to be recorded it, so it was always remembered by students. Members of Eucuyo, The Survey and The Euclidian accepted the task of recording the events of students and staff. The Eucuyo is a literary magazine which features poetry, short stories, photographs and art work originally produced by students. The Survey is the school newspaper. Members of The Survey wrote factual and opinion articles that were relevant to the student body. Members of the Euclidian dedicated their time to producing the school yearbook. They designed pages, wrote stories and took photographs.

Making Friends

Many students were involved in more than one publication club, leading to new friendships.

Getting it Perfect

Students involved in these clubs worked very hard to make sure everything that was published was perfect.

Anything

But

Usual

The Drama Club impressed the audience once again as they put on their performance of "The Unusual Suspects." The actors had family and friends smiling and laughing as they told the story of four very different students accused of breaking into the principal's office. The play featured hilarious flashbacks of "the day in question", as well as a top secret plot to finally get paybacks against their principal. Many students and staff agreed that this year's Fall play was one of the best ever performed. The hard work of cast and crew definitely paid off.

Seasoned Pros

While it was the first time for some of this year's actors, many of them had performed in past plays and Big Show. Their experience was obvious.

Good Direction

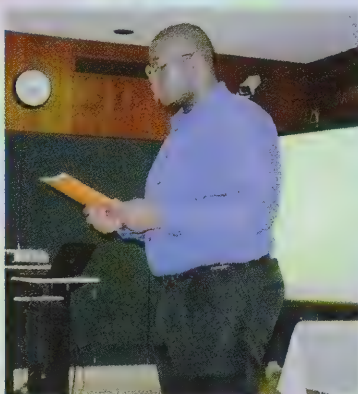

Senior Charles Grayer was this year's student director. In addition to performing in the play, prior to the live show he worked with and directed all the actors.

Diversity

is

In

Culture Club was organized to promote the diversity and the education of all types of people. One event the club organized was a pot luck. Members of the club invited friends, family and teachers to join them in a feast of various types of food. A guest speaker shared her experiences of traveling around the world and spoke about the different cultures she encountered. In the annual African American Month Fashion Show, students shared their culture by performing various dances, sharing original poetry, and singing inspirational songs. The show also featured fashions from the past decade as well as a fashion show, organized by senior Juwan Rustin, to showcase current fashion trends.

Pot Luck

Culture Club held a pot luck dinner in which members invited guests to enjoy food from many different cultures.

Fashion Show

This year's Fashion Show focused on African American entrepreneurs and included a graduate of Euclid, who designed sneakers for President Obama, as a guest speaker.

Respect,

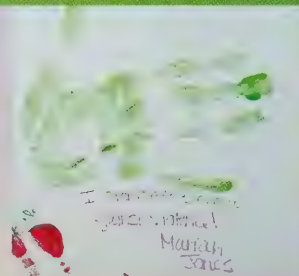

Peace,

Hope

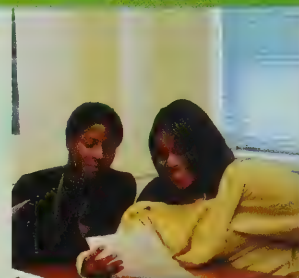

Students and staff at EHS were committed to learning in a safe, respectful school and community. Two clubs, Mediation and Stand Up, dedicated themselves to this cause. Members of Mediation worked with students involved in verbal confrontations, helping them to talk through their issues and come up with a peaceful resolution. They also educated others about acceptance of all students. Stand Up informed students about the traumatic impact violence has on families, friends and the community. They also organized events to give students a positive outlet. Stand Up Week was a huge success, allowing students to make peaceful, respectful choices, while showcase their talents and having fun.

Graffiti Wall

As part of Stand Up Week, students were able to make their mark on a huge graffiti wall. Students marked the wall with their handprint, as well as made a promise to support the cause and nonviolence.

Talk it Out

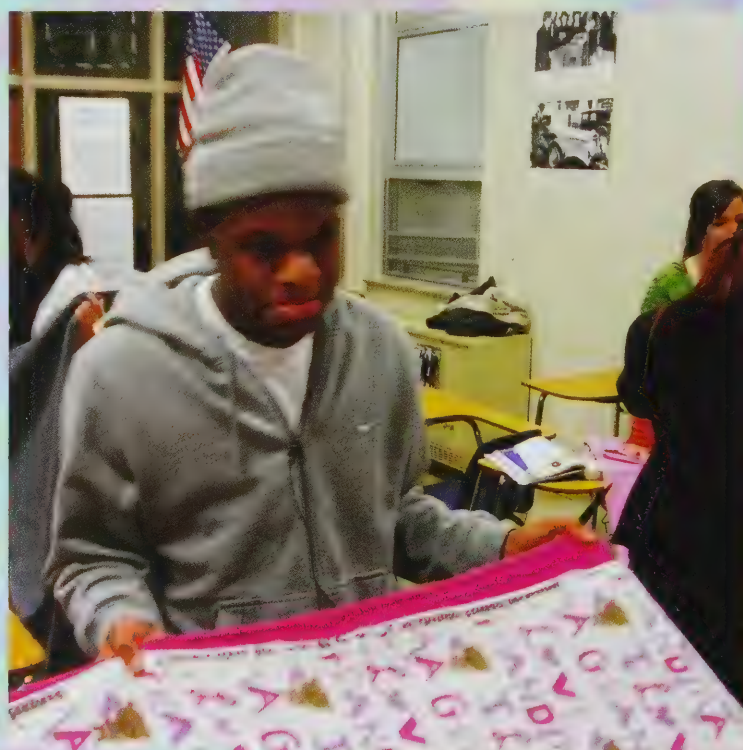

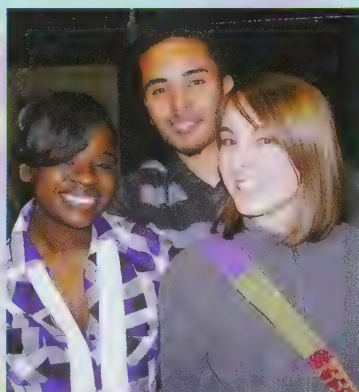

Members of Mediation took a class in which they studied techniques and activities to promote peaceful resolution to conflicts.

Need

A

Hand?

Students at EHS proved to be very giving as they joined many volunteer clubs offered by the school, including Key Club, SAVE, FEA and GSA.

Members of the Key Club and SAVE could be seen throughout the community spending time with the citizens of Euclid or working to make sure the community was a clean, healthy place to live. In its first year, the Gay Straight Alliance (GSA) promoted tolerance and understanding of all people in the school and community. Members of the Future Educators of America (FEA) nurtured the youth of Euclid and encouraged education. Because of the dedication of these clubs, Euclid became a better place to live, work and learn.

Key Club

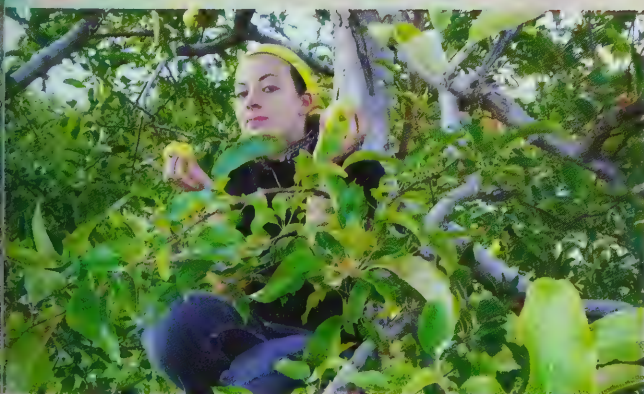

Members of Key Club dedicated many hours to planning and carrying out volunteer opportunities in the community, including a visit to the senior citizen center.

SAVE

Students spent many hours volunteering to clean up the Euclid community. It was just one way they worked to SAVE the world.

Salute

Your

NJROTC

Students of NJROTC learned many life skills under the guidance of Sgt. Major Rethage and Lt. Cmdr. Morek. Students learned the importance of citizenship, developed leadership skills, studied the history of the US military, and were taught healthy living and first aid skills. NJROTC cadets presented the flags during many of Euclid's sporting events. Cadets were also expected to wear the uniform with pride and respect. One of the cadets favorite activities was participating in air rifle marksmanship, upon completion of a safety course. All the hard work of the cadets was displayed at the end of the year inspection. A military ball was also held to reward their accomplishments.

Aaron Deangelis

Shorty!! Aaron,
It is hard to believe that our 'baby' has grown in to a young man. You are not the shortest anymore! We have enjoyed watching every soccer game and every swim meet and look forward to every meet that you participate in the future. You have come so far in your swimming ability. Just remember you need to kick your feet! It is now time for us to push you out of the nest-use your 'wings' to soar in to the next chapter of your life. Keep up the good work and remember you can accomplish anything that you put your mind to.
Love, Dad, Mom, Jason & Rachel

You will accomplish anything and everything you want in life. And also maintain your unique and classy style.
Love and Blessings, Mommy and all of the family

It seems like only yesterday, you were our little baby crawling around the house, curiously exploring your world. Over the years, we have watched you blossom into a strong, beautiful and responsible young lady. You have worked very hard and now you will reap the benefits of your hard work by graduating with your Associate's degree from Lakeland in May and from high school in June. We are so proud of your accomplishments and know you will be successful in all you do. Congratulations!
We love you very much. Sincerely, Your Family.

Ebony Beckham

At the start of Ebony's education the teachers that were assigned to her in the East Cleveland school system always pushed the students to excel in their learning. What has been taught there began the foundation for successful learning, as she continued the process in the Euclid School System her teachers have taken her learning to new heights. She has exemplified what anyone can do when you remain focused and you stick to your goal and for that this mother is very proud. I know this student will give back to the society what she has learned and more. God Bless You and
Congratulations Ebony!!!
